SUMMARY

Passionate Backend Web Developer with a strong foundation in PHP and Laravel, and a proven track record of delivering efficient and scalable web applications. Started my programming journey in 2020 and have since built several real-world projects for clients and personal growth. Experienced in full-stack development with solid knowledge in HTML, CSS, JavaScript, MySQL, and modern frameworks. Continuously learning and staying updated with new technologies to solve real-world problems and contribute to impactful solutions.

EXPERIENCE

- Implemented a store project for a client.
- Implemented a nemrty project for another client.

PROJECTS

- **Quraan**
  Technologies: HTML, CSS, JavaScript, API
  Repository: github.com/Adel-Mahmoud/Quraan
